

### Tool Bags Linesman PRO Bolt Bag (PVC)

Leading Edge has developed a specialist pro bolts bag in conjunction with the National Grid Plc. The design enhancements include an enlarged 15cm wide 'neck' opening to allow a gloved hand access, deeper body to prevent accidental spillage of contents during access activities. The base has triple layer reinforcement combined with all structural parts triple sewn. The bolt bag is suitable for carrying screws, nails and other small items. The bag also features a "D" ring structurally rated to 5kgs for tool tethering when working at height.

#### FEATURES

- A choice of four securing arrangements method: Belt Loop / Eyelets / Triple Action Velcro Straps / Triple Action Safety Buckle (see 'Tool Bag & Holster Fixing Options' page)
- Pro bolt bag design incorporates a quick draw elasticated closure system configured to provide a secure method of retaining items within the bag during access activities
- Ergonomically designed to distribute loads more evenly in making it easier to wear when full
- The bolt bag base has 2 layers of structural mesh and 1 layer of clear acrylic, giving superior strength and wear characteristics, with all structural parts of the bag are triple sewn
- 1 x structural 'D' ring anchorage point rated up to 5kgs (Dynamically tested - see 'testing pages' for more info). Rating using a 2:1 safety factor
- Top opening and bag depth has been configured to limit accidental spillage of contents
- Structural PVC body manufactured from defence high grade PVC (UV stabilised and mildew resistant)
- Manufactured from premium industrial components, and finished with a 'soft edged' binding for wear reinforcement and comfort.
- Top opening: 15cm diameter / Height: 24cm / Volume: 4.5L / Weight: 0.20kgs
- Individually serialised for clear easy inspection, full traceability and control
- Issued with a 'Declaration of Conformity' product certificate and 'Final Inspection' sheet
- Manufactured at our height safety product factory in the UK

Code	Model	Description
LINESBOLTPVCL	Loop Fastening	Slides onto standard belts up to 50mm wide
LINESBOLTPVCLE	1x Eyelet Fastening	Hung from belt/gear loops using a connector
LINESBOLTPVCLBV	1x Velcro Fastening	Wraps around fixing point with triple lock action
LINESBOLTPVCLB	1x Buckle Fastening	Secures around fixing point with triple lock action
