

### Tool Bags - Medium Bag (Mesh)

The Leading Edge Medium Tool Bag (Mesh) is an exceptionally light-weight professional bag. The structural mesh body material allows natural lighting for excellent internal visibility along with ventilation. Designed for weight sensitive trade specialists who are expected to carry small objects as well as tether tools at height. The bag features 3 structural 'D' ring anchorage points each rated up to 5kgs (Dynamically tested - see 'testing pages' for more info). Rating uses a 2:1 safety factor. Connection to your harness / belt is via a choice of end user specified fixing options.

#### FEATURES

A choice of four securing methods is available: The fixing arrangements include either: Belt Loop / Eyelets / Triple Action Velcro Straps / Triple Action Safety Buckle (see 'Tool Bag & Holster Fixing Options' page)

Structural mesh body allows natural illumination for better internal visibility and ventilation

The bag provides four structural 'D' ring anchorage points each rated up to 5kgs (Dynamically tested - see 'testing pages' for more info). Rating uses a 2:1 safety factor

Designed to carry tools and parts up to 20kgs in the main compartment, with side and front pockets

Ergonomically optimized for user comfort and weight distribution, with a top opening and bag depth configured to limit accidental spillage

Manufactured incorporating extreme structural marine mesh (synthetic woven multi-braid fabric encapsulated in a plastic coating), premium industrial grade components, 'soft edged', for wear reinforcement and comfort

Individually serialised for clear easy inspection, full traceability and control

Issued with a 'Declaration of Conformity' product certificate and 'Final Inspection' sheet

Height: 24cm / Depth: 9cm / Width: 27cm / Volume: 6L / Weight: 0.15kgs

Manufactured at our product factory in the UK
